274 Lake Reba Dr. (M-F 11am-7pm)

Parks & Recreation: 859-623-8753  
345 Lancaster Ave (M-F 8am-4:30pm)

Please keep this information for your record:  
No reminder phone calls will be sent.

## Parent / Child Classes

**Tiny Tots – Ages 6 months to 2 years (Sessions 5-7 Only)-** This class is for parents and their children. It is meant to help the child become comfortable in the water. If class minimum is not met, this class may combine with the Parent/Child Level 1 class.

**Parent and Child Level 1 – Ages 2 years to 5 years-** This class is for those children who are NOT ready to be in the pool without a parent or guardian. It is meant to help students feel comfortable in the water and enjoy it safely. Some skills include entry / exit, blowing bubbles, submerging. It is possible for children to skip to a level 2 class after the level one/ parent class.

## Child Only Classes

**Level 1-** This class is for those children who are ready to be in the pool without a parent or guardian. It is meant to help students feel comfortable in the water and enjoy it safely. Some skills include entry / exit, blowing bubbles, submerging. This is a basic class. If your child is already comfortable in the water, it might be suggested that you register for Level 2. (Typically for children who are just getting used to being in the pool. Lessons will take place on the left side of the feature pool in water that is approximately 18 inches deep. Child must be able to stay in water without parent.)

**Level 2-** In this class the student will focus on fundamental aquatic skills. Emphasis will be placed on floating, both front and back *with* support, as well as submerging and retrieving an object under water. General and personal water safety will be introduced.

**Level 3-** This class builds on the skills from Level 2 by teaching the student to float on his / her front and back without support. The student will be introduced to jumping in from the side as well as head first entry to deep water. Some basic strokes such as front crawl and back stroke will be introduced. General and personal water safety will be discussed.

**Level 4-** This class builds on the skills from Level 3 while adding to the front crawl and back stroke. Breast stroke and butterfly will be introduced. To be in a Level 4 class the swimmer must be able to jump into the water from the side and swim front crawl for 15 yards, tread water or float for 30 seconds then swim elementary back stroke 15 yards.

**Level 5-** This class helps to develop confidence in the strokes previously learned and to improve other aquatics skills. To be in a Level 5 Class the swimmer must be able to enter deep water feet first, swim front crawl 25 yards, change direction and swim elementary back stroke for 25 yards. The swimmer must also be able to swim the breast stroke for 15 yards.

**\*\*SWIM LESSON SUMMER CAMP-** Session 3 (June 18-22) If you are interested in your child attending summer camp through the Richmond Parks & Recreation Department, swim lessons will be offered in the morning and regular camp activities will be held in the afternoon. The cost is \$115 and includes the cost of swim lesson instruction and summer camp activities.
